Parental Involvement Policy

Fairland's believe that children benefit most from Early Years Education and Care when parents and settings work together in partnership.

Our aim

Our aim is to support parents as their children's first and most important educators by involving them in their children's education and in the full life of the setting. We also aim to support parents in their own continuing education and personal development.

Method

In order to fulfill these aims we:

- are committed to ongoing dialogue with parents to improve our knowledge of the needs of their children and to support their families;
- inform all parents about how the setting is run and its policies through access to written information and through regular informal communication.
- inform all parents on a regular basis about their children's progress;
- involve parents in the shared record keeping about their children - either formally or informally - and ensure parents have access to their children's written developmental records;
- provide opportunities for parents to contribute their own skills, knowledge and interests to the activities of the setting;
- welcome the contributions of parents, in whatever form these may take;
- inform all parents of the systems for registering queries, complaints or suggestions and check to ensure these are understood. All parents have access to our written complaints procedure;

- provide opportunities for parents to learn about the curriculum offered in the setting and about young children's learning, in the setting and at home.

The following documentation is in place:

- admissions policy;
- complaints procedure;
- record of complaints; and
- activities provided for children.
